City of Conroe, Texas

Notes to Schedule of Expenditures of Federal Awards

For the Fiscal Year Ended September 30, 2017

Note 1. General

The accompanying schedule of expenditures of federal awards presents the activity of all applicable federal awards of the City of Conroe, Texas (the City). The City's reporting entity is defined in Note 1 to the City's basic financial statements. Federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in this schedule. The information on this schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

Note 2. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental fund types are accounted for using a current financial resources measurement focus. All federal grant funds were accounted for in a special revenue fund, a component of the governmental fund type or general fund. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e. revenues and other financing resources) and decreases (i.e. expenditures and other financing uses) in fund balance.

The modified accrual basis of accounting is used for the governmental fund types. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual (i.e. both measurable and available); and, expenditures in the accounting period in which the fund liability is incurred, if measurable. Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and accordingly when such funds are received, they are recorded as deferred revenues until earned.

The City has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 3. Availability of Federal Grant Funds

The period of availability for federal grant funds for the purpose of liquidation of outstanding obligations made on or before the ending date of the federal project period extended 90 days beyond the federal project period ending date, in accordance with provisions of the Compliance Supplement.

Note 4. Relationship to Federal Financial Reports

Grant expenditures reports as of September 30, 2017, which have been submitted to grantor agencies will, in some cases, differ slightly from amounts disclosed herein. The reports prepared for grantor agencies are typically prepared at a later date and often reflect refined estimates of year-end accruals. The reports will agree at termination of the grant as the discrepancies noted are timing differences.

Note 5. Loans Outstanding

The City of Conroe, Texas has received a loan guarantee from the Department of Housing and Urban Development under the Section 108 Loan Program for \$1,794,000. As of September 30, 2017, the City had a balance of \$648,002 on the loan guarantee. The City incurred \$113,000 of expenditures during the year ended September 30, 2017 related to principal repayments on this program.

**Independent Auditor's Report on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with
*Government Auditing Standards***

The City Council of
City of Conroe, Texas
P.O. Box 3066
Conroe, Texas 77305

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of City of Conroe, Texas (City) as of and for the year ended September 30, 2017, and the related notes to financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 2, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To The City Council of
City of Conroe, Texas

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on the Schedule of Expenditures of
Federal Awards and on Compliance for Each Major Federal
Program and Report on Internal Control over Compliance
in Accordance with the Uniform Guidance**

The City Council of
City of Conroe, Texas
P.O. Box 3066
Conroe, Texas 77305

Report on Compliance for Each Major Federal Program

We have audited the City of Conroe, Texas' (the City) compliance with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended September 30, 2017. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2017.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of and for the year ended September 30, 2017 and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated March 2, 2018, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the Uniform Guidance) and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

To The City Council of
City of Conroe, Texas

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

- 1. Type of auditor's report issued: Unmodified
- 2. Internal control over financial reporting:
 - a. Material weakness(es) identified? No
 - b. Significant deficiency(ies) identified that are not considered to be material weaknesses? None reported
- 3. Noncompliance material to the financial statements noted? No

Federal Awards

- 4. Internal control over major programs:
 - a. Material weakness(es) identified? No
 - b. Significant deficiency(ies) identified that are not considered to be material weaknesses? None reported
- 5. Type of auditor's report issued on compliance with major programs: Unmodified
- 6. Any audit findings disclosed that are required to be reported in accordance with Uniform Guidance? No
- 7. Identification of major programs: Federal Transit Cluster
CFDA No. 20.507
- 8. Dollar threshold used to distinguish between Type A and Type B federal programs: \$750,000
- 9. Auditee qualified as a low-risk auditee? Yes

Section 2. Financial Statement Findings

None reported

Section 3. Federal Award Findings and Questioned Costs

None reported

City of Conroe, Texas

Summary Schedule of Prior Audit Findings
For the Fiscal Year Ended September 30, 2017

Prior Year Findings

2016-001 Federal Grant Reconciliation

Significant Deficiency in Controls - Financial Statements

Criteria

The City is required to report its expenditures of federal awards in accordance with the Federal Single Audit Act.

Condition

During the past three years, the City has significantly increased its use of grant funds and the current accounting system is no longer providing timely and accurate information required to produce required information and reporting. The City should consider segregating grant awards into separate special revenue funds, which may make it easier to identify the matching receipts and expenditures for cost-reimbursement grants.

Questioned Cost

None

Perspective Information

The Senior Accountant within the City's accounting division was assigned the task of grant accounting specialist.

Cause

Individuals in multiple departments, whom do not have grant and accounting experience, are requested to provide a schedule of expenditures for the grants they manage. This information is then aggregated onto the SEFA with no reconciliation to the general ledger.

Effect

This could result in a misstatement on the Schedule of Expenditures of Federal Awards.

Recommendation

We recommend that the City assign the task of preparing the SEFA to an experienced individual with accounting experience related to grant awards and expenditures. The individual's duties would include reconciling the SEFA, the compliance reports submitted to the grant agencies and the City's general ledger to one another. As noted above, we recommend that the City setup special revenue funds to assist the City in the reconciliation process.

Status

Resolved.
