Bus Ticket Booklets Purchases

Conroe Connection Transit (CCT) is a local, fixed-route bus transportation service operated through the City of Conroe and connects people with jobs, services, and shopping. CCT’s fixed routes consist of two (2) routes with one (1) transfer point. The service provides transportation to the general public with destinations along SH 75 / Frazier Street, and sections of North and South Loop 336. This service operates on 1-hour headways with 54 designated bus stops. CCT’s also operates an Americans with Disabilities Act (ADA) Paratransit Service which is a shared ride, curb-to-curb service (within our service area) for ADA-eligible passengers. Passengers approved to use this service will be picked up at the curb of the requested location and taken to the curb of the requested destination.

Bus ticket booklets are available to purchase for the general public, businesses, and social service agencies through the City of Conroe Transportation Department. Ticket books are sold in 3 (three) types; full fare books contain 50 tickets and cost $50, qualifying half fare books contain 50 tickets and cost $25, and ADA approved clients can purchase ADA Paratransit books which contain 25 tickets and cost $50. Purchasing bus tickets by the booklets can alleviate the need to carry money for fare and helps with budgeting for transportation services.

Please contact Transit@cityofconroe.org or visit www.conroeconnection.org for more information.
