October 1, 2014

The City of Conroe is pleased to present the fiscal year 2014-2015 “Budget-In-Brief.” This document summarizes the annual budget for the fiscal year beginning October 1, 2014, and ending September 30, 2015.

A city’s budget presents in financial terms a plan to accomplish its objectives during the upcoming fiscal year. Budget preparation is an ongoing process as the City Council discusses priorities, commits to projects, and provides feedback to the staff on various proposals. The staff then translates that information into a financial action plan.

The budget for FY 2014-2015 is a balanced, conservative plan that continues our previous commitments toward quality services and facilities and addresses opportunities for additional improvements.

I must commend the ongoing work of the City Council, City Administration, the Management Team, and all of our fine City employees. We are indeed focused on our mission statement:

“To protect and serve the citizens of Conroe and exceed their expectations.”

Sincerely,

Webb Melder

Mayor

**Total Budget**

$139,716,629 (100%)

$116,864,226 (100%)  

1. These figures represent the budgeted expenditures net of interfund transfers.

---

**City of Conroe, Texas**
On August 28, 2014, the Conroe City Council approved a $139,716,629 budget with a 3% contingent appropriation for FY 2014-2015. Net of interfund transfers, the total budget is $116,864,226. The approved budget consists of the General, Water and Sewer Operating, Debt Service, and Other Operating Funds.

**General Fund**

The General Fund accounts for 44 percent of the budget and supports basic services such as police, fire, parks, recreation, streets, and other community services. It is the general operating fund of the City and is used to account for all transactions and operations of governmental units that are not accounted for in another fund. The General Fund also is used to account for transactions financed from taxes or other general revenues.

**Water and Sewer Operating Fund**

The Water and Sewer Operating Fund comprises 21 percent of the budget. This fund is used to account for operations that are financed and operated in a manner similar to private business enterprises where the costs of providing water and sewer services are financed through user charges.

**Debt Service Funds**

The Debt Service Funds category is composed of three funds: General Obligation Debt Service Fund, Water and Sewer Debt Service Fund, and Conroe Industrial Development Corporation (CIDC) Debt Service Fund. These three funds account for 15 percent of the budget and pay for the annual interest and principal costs of the City’s debt.

The General Obligation Debt Service Fund provides for the payment of the City’s certificates of obligation and other tax-supported debt issued to finance the tax-based portion of the City’s Capital Improvement Program.
The Water and Sewer Debt Service Fund provides for the retirement of revenue-supported bonds that are used to pay the cost of improvements to the City’s water and wastewater system. This debt is repaid with revenues collected from utility customers. The CIDC Debt Service Fund provides the funds necessary to retire the outstanding sales tax revenue-supported debt of the City. This debt consists of revenue-supported bonds that are used for economic development purposes and is repaid with a portion of the ½-cent sales tax charged within the City.

Other Operating Funds

The Other Funds category of the budget includes funds used to account for the proceeds of special revenues, other than expendable trusts or major capital projects. They make up 20 percent of the budget and include such funds as the Conroe Industrial Development Corporation (CIDC) Revenue Clearing Fund, CIDC General Fund, Hotel Occupancy Tax (HOT) Fund, Community Development Block Grant (CDBG) Entitlement Fund, Conroe Tower Fund, Oscar Johnson, Jr. Community Center (OJJCC) Fund, Vehicle and Equipment Replacement Fund, Water & Sewer Vehicle and Equipment Replacement Fund, Transportation Grants Fund, Fleet Services Fund, and the Self-Funded Insurance Fund.
General Fund Expenditures
$61,013,723
($57,983,755)

The General Government category is comprised of the Administration, Mayor & Council, Legal, Municipal Court, Finance, Community Development Block Grant Administration, Warehouse-Purchasing, Information Technology, and Human Resources departments. These departments are responsible for various functions of the City, including providing quality customer relations and accurate public information; coordinating and scheduling City Council meetings; handling media relations; providing legal services; providing disposition of violations of City ordinances and State law; managing finance, accounting, and utility billing; administering grants; acquiring supplies and services; maintaining computer hardware and
software; and providing programs and consultations in the areas of employee recruitment, selection, compensation, and benefits.

The Utility Billing Department’s mission is to ensure accuracy in the assessment of user charges; maintain professional and responsive service; answer customer inquiries; and provide accurate and timely billings through progressive and innovative systems. It also strives to ensure accurate and efficient data collection of water and sewer usage, as well as to provide timely water meter installations and repair.

Public Works Administration is responsible for managing resources dedicated to the provision of water utilities and maintaining streets and drainage. This department assists in the engineering design standards and construction criteria for many programs required by State and Federal law. The department also updates all permits and plans the water distribution emergency response plan.

The Water Conservation department is responsible for developing water conservation strategies and methods. It also updates the Drought Contingency Plan, monitors water saved by Stage 2 restrictions, and educates utility customers through conservation meetings and marketing materials.

The Water Department provides the installation of large meter service and lines to residential and commercial customers. The department participates in relocating lines, repairing broken lines, replacing faulty meters, and constructing new lines.

The Waste Water Treatment Plant treats and discharges up to 10 million gallons of treated wastewater. Staff also handles the Industrial Pretreatment program by issuing permits to industrial users within the city limits and monitoring their discharge through monthly reports and inspections.

The Sewer Department performs sewer line maintenance and installation services to residential and commercial customers by utilizing resources dedicated to preventive maintenance and repair of utility infrastructure.
The Pump & Motor Maintenance Department maintains lift stations, water wells, the wastewater treatment plant, city facilities, and downtown lighting.

The Project Construction Department is responsible for the major construction of water and sewer lines that provide safe distribution of water and wastewater service to the citizens of Conroe by utilizing resources dedicated to the preventive maintenance and repair of utility infrastructure.

Revenue Sources

The Water and Sewer Operating Fund has a variety of revenue sources, the most notable of which are Water Sales and Sewer Charges. Water Sales constitute 38 percent of fund revenues, while Sewer Charges constitute 28 percent. Additionally, the City recovers a Surface Water Fee that offsets expenses related to the surface water conversion agreement with the San Jacinto River Authority. The Surface Water Fee constitutes 25 percent of revenues. Other sources of revenue that support the fund are Water and Sewer Tap Fees, Groundwater Conservation Fee, Reconnection Charges, Pretreatment Fees, Interest Income, and Other Revenues.

Water and Sewer Operating Fund revenues are anticipated to increase. The FY 2014-2015 budget includes a water and sewer rate increase. Additionally, water bills will reflect a pass through fee charged to the City by the Lone Star Ground Water Conservation District. Proposed revenues for FY 2014-2015 assume an overall growth of 14.8 percent over FY 2013-2014 projections.

General Obligation Debt Service Fund
$10,074,031

The General Obligation (G.O.) Debt Service Fund was established to account for the payment of principal and interest on outstanding tax supported debt. When this debt was issued, property taxes were pledged to repay the bondholders. Its primary revenue source, therefore, is property taxes.

A transfer in from the Tax Increment Reinvestment Zone (TIRZ) #3 Fund is also made for bonds that were sold to benefit that zone. This TIRZ was established to fund regional roadway improvements in the City. The City and the County both dedicate a portion of the taxes received from property value growth in the TIRZ, which is used to pay the principal and interest of the bonds. The bond proceeds have been used to widen and improve portions of League Line Road, Longmire Road, First Street, Ed Kharbat Drive, Crighton Road, and Gladstell Road. As additional growth occurs in the TIRZ, more bonds will be sold for additional improvements.

An additional transfer in is made from the Conroe Industrial Development Corporation (CIDC) Fund. This transfer covers the principal and interest costs for bonds that were issued to make improvements to the park system. The CIDC fund is made up of revenues from a 1/2-cent sales tax for economic development. These park improvements qualify as permissible projects for this particular sales tax.

2014-2015 G.O. Debt Service Revenues:
Property Taxes $ 8,107,078

G.O. Debt Services Revenues Total $11,576,746
Water & Sewer Debt Service Fund
$6,332,887

The Water & Sewer Debt Service Fund provides the funds necessary to retire the outstanding revenue-supported debt of the city. Debt in this category consists of revenue-supported bonds that are used to pay the cost of improvements to the city’s water and wastewater system, and it is repaid with revenues collected from utility customers.

The outstanding revenue bonds were issued with a pledge to repay bondholders from water and sewer revenues. The payments on these bonds are accounted for in this fund. Its main source of revenue is a transfer of money from the Water & Sewer Operating Fund. An additional transfer in will be made this year from the Conroe Industrial Development Corporation (CIDC) Fund. This transfer will cover the principal and interest costs for the water well that was constructed in the Conroe Park North Industrial Park.

$4,069,493

The Conroe Industrial Development Corporation (CIDC) Debt Service Fund provides the funds necessary to retire the outstanding sales tax-supported debt of the city. Debt in this category is repaid with the ½-cent sales tax for economic development.

There are five bond issues in the CIDC Debt Service Fund. Bonds issued in 1997 are for the construction of the west side sewer trunk main, additional sewer projects, and a police station. The bond series issued in 1999 was used to acquire and improve property to be used for the development of the Conroe Park North Industrial Park important to the economic growth and development of the City.

The bond series issued in 2008 was used to acquire additional property to expand the Conroe Park North Industrial Park.

The bond series issued in 2011 was used to install streets, water, sewer, and drainage infrastructure in the industrial park as well as purchase land for the new Deison Technology Park. The bonds issued in 2012 were used to install infrastructure in the technology park. Its main source of revenue is a transfer from the CIDC Revenue Clearing Fund.
